Property Management

PROPERTY MANAGEMENT

For investors, maintaining a property in Dubai can take time, with intermittent servicing requirements, air-conditioning maintenance and weather related issues.

At Hatch & Co., we understand the challenge of finding a tenant, administering the lease and ensuring that all regulatory requirements have been met.

To give property owners peace-of-mind, Hatch & Co. provide an expert level of property maintenance, with prices varying from an essentials package to a more comprehensive level of cover. Packages cover everything from air-conditioning inspection and water-tank servicing, to emergency callout.

PROPERTY MANAGEMENT

Hatch & Co. also provide a comprehensive and professional property management service, extending to:

- » Property marketing
- » Tenant sourcing
- » Lease administration
- » Inventory review on entrance and exit - issue management

By providing both property management and property maintenance services, Hatch & Co. give property investors the opportunity to purchase their property, secure a tenant and then benefit from a hassle free, passive investment which requires little or non of their time to manage and maintain.
