VISA SUPPORT

Residency in Dubai permits individuals to enter into a long term rental lease, avail mortgages up to 80% loan to value, secure a bank account, and put in place the foundations of life in Dubai.

A residency visa is secured by one of four means, sponsorship through an employer, self sponsorship through a residents own company, sponsorship through an existing resident as a dependent, and by securing a Golden Visa.

VISA SUPPORT

A golden visa can be secured by attaining one of a number of criteria. These include:

- » The purchase of a property in which 750,000 AED in capital has been paid, this permits a renewable 2 year golden visa.
- » The purchase of a property in which 2,000,000 AED in capital is paid, this permits a renewable 10 year golden visa to be attained.
- » And those with a monthly basic salary of 30,000 AED, a bachelors degree and whose job classification is 'professional', are able to attain a golden visa on the weight of their employment status.

VISA SUPPORT

The visa application process requires a series of administrative actions to be undertaken. These actions can be complex in nature, more so for new residents who are unfamiliar with the respective departments, process, authorities and cost base.

Via our expert Public Relationship Officers (PRO), with over 10 years of UAE visa processing experience, Hatch & Co. are able to secure you and your family a residential visa, making the process hassle free, cost effective and timely. During the process, Hatch & Co. will share with you each steps of the application process, and provide you with an end-of-week update until the process is complete.

Contact Hatch & Co. and we'll provide you with a free professional consultation.
